

Our support when you need it

Priority Services Register

Our support when you need it

We know that some of our customers benefit from our extra help, especially those who have trouble:

- Reading their meter
- Reading and understanding their bill
- Using the telephone
- Paying their bills
- With a medical condition which requires constant access to water.

This leaflet will guide you through the different support we offer, and how you can register for these services.

Contents

- When there’s a supply interruption. 6
- Financial support 7
- Home visits. 8
- How to register. 9
- Other ways to get in touch 10

Meters

If you have difficulty reading your meter, we can help in the following ways:

1. Reading your meter for you

If you or anyone in your household can't easily read your meter due to problems with your movement, eyesight, or a condition like dyscalculia, we can read your meter an additional two times per year. To arrange this, please call our Accounts Team on 0344 346 1010.

2. Investigating unexplained water use

If your meter is recording high levels of water use, we'll make an appointment to visit you to look into why that is.

To arrange this, please call our Services Team on 0344 346 2020.

Communicating with you

When it comes to your bill, there are different formats we can send it in. If you would like to set this up, please call our Accounts Team on 0344 346 1010.

Large point

Braille

Different languages

Online bills

On MyAccount, you can read your bill in the sized font that is most easy for you. Find out more and register on:

my-account.southwestwater.co.uk

Nominated person

If you'd prefer all our communication to be sent to someone else like a carer, relative or friend, we can set this up for you, with that person's permission.

Telephone bills

When your bill is produced, we can read it to you over the phone and help you understand any actions you need to take.

SignLive

British Sign Language (BSL) users, can now use SignLive to contact us. SignLive is a free service that will connect you to a qualified online BSL interpreter. Please visit: southwestwater.co.uk/accessibility

When there's a supply interruption

Sometimes we need to interrupt your supply to do planned works. For customers on our priority service register, we will:

- Contact you via SMS (Text) or telephone call as soon as we are aware of the issue.
- Arrange an alternative water supply if your health, or that of someone in your household would be put at risk by the interruption (planned or otherwise).

For more information on this visit this page on the website:

southwestwater.co.uk/unplanned-events

Financial support

We're aware that some circumstances make it difficult to pay bills. That's why we have support available to help people in these situations.

For more information about this, please visit:
www.southwestwater.co.uk/financial-support.

You can also read our Code of Practice 'Support with your bills and dealing with debt' available on our website or call **0344 346 1010**.

If you're someone who would benefit from this support, please get in touch as soon as possible.

Home visits

Sometimes we need to visit your home, whether to carry out work, read your meter, or chat to you about some of the support we offer. When we do, there are up to two things you should do before letting us into your home:

1. Check the callers ID card

All our employees carry ID cards which will show their name, photo and our company logo.

2. If you've set one up, make sure they give you the password

For planned visits, we can also set up passwords. These can either be verbal or written, and can be updated at any time.

Bogus callers

Although it happens rarely, unfortunately some people pretend to work for us so they can get into your home. If you're in any doubt, ask them to wait outside and call our Services Team on 0344 346 2020. If they work for us, they won't mind waiting, and when you call us, we'll confirm whether they're meant to be there.

We work closely with local police to stamp out doorstep crime. If you experience a bogus caller, note down as much detail about the person as you can remember and tell the police. Remember to use 101 if you aren't in immediate danger, but if the caller won't leave, are still nearby, or you're feeling hassled by them, call 999.

How to register

Call us

0344 346 1010

Contact us via Relay UK through the app or by dialling 18001 before the helpline number.

Relay

Contact us via Relay UK through the app or by dialling 18001 before the helpline number.

Online

Visit:
southwestwater.co.uk/practical-help
and complete the online form

We'll accept applications from:

- Account holders
- Nominated persons e.g. carer, relative or friend

Important

We process your personal data in compliance with UK data protection laws using the lawful bases of legitimate interests and substantial public interest so that we can use and share your personal data. This allows third parties, such as relatives, carers, landlords, other utilities, support providers and organisations to add you to our Priority Services Register, so that you can get the support you need. It also allows us to share your data with other utilities and agencies, so they can also offer you support too, and so you only need to register once and not with every utility or support provider.
