

SL-N3 Notification of completed or aborted routine mains connection

Return to DeveloperServicesSelfLay@southwestwater.co.uk within 24 hours of a routine mains connection having been made or, in the case of aborted connections, within 24 hours of the proposed connection time.

1. Scheme Details

Work request number

Site name

Developer

Self Lay Provider

2. Please only complete this section if you successfully complete the connection

You must attach a plan, showing the mains on this site, to this form. Please clearly highlight the mains that were commissioned.

Tick to indicate that such a plan is attached:

Date and time connection was completed

3. Aborted Connections

Please only complete this section if you failed to complete the proposed connection on the intended date.

You must attach a plan, showing the mains on this site, to this form. Please clearly highlight the mains that are to be commissioned.

Tick to indicate that such a plan is attached:

Why was the connection not completed on the proposed date?

When do you now intend to make the connection?
