

Our Policy on Safety and Occupational Health

At South West Water we believe that all accidents are avoidable and all incidents of occupational ill health are preventable!

We will meet our legal obligations to ensure the health, safety and welfare of all our employees and will, in particular:

- Assess the risks to employees and ensure they are controlled to provide a safe and secure working environment with suitable welfare facilities
- Ensure that everyone affected by our operations is protected from harm
- Involve and consult with employees when we make decisions that have an impact on their safety and their health
- Set targets to improve health and safety and check they are being met
- Encourage employees to behave safely and report anything unsafe
- Make sure we learn from mistakes
- Ensure our suppliers operate to our own high standards
- Train our employees to carry out their work safely
- Ensure all employees understand their responsibilities for their own safety as well as that of their colleagues and anyone else affected by our operations

We will make sure everyone involved in our business knows about our policy.

Our commitment

In our company values we state: the health, safety and wellbeing of our staff are vital to us. We, the Directors of South West Water, are committed to putting this into action.

We pledge to ensure this policy is well known and well understood. We will ensure health and safety are at the heart of how we operate and are given the same level of priority as other aspects of business administration.

Signed on behalf of SWW Board of Directors.

Chris Loughlin - Chief Executive
September 2015
